5/ It is a good idea to appoint a Surveyor for supervision of Municipal works but an experienced man drawing Rs 60/- plus a conveyance allowance

4/ There is however a great shortage of subordinates at present and therefore a Surveyor can only be posted next to fully qualified new batch of candidates are appointed and posted to the regular Divisions (as they) become vacant

GEN & REV SECRETARIAT 5487 2 FEB 1944 L S G BRANCH

Re Appointment of a qualified Surveyor on Rs 50/- per mensem for supervising over the works of Tumkur Municipality

---

Sir,

I have the honor to forward, herewith, in original, the letter received from the President, Town Municipal Council, Tumkur on the above subject and to request that kind sanction of Government may be obtained in the matter in the circumstances explained in the Municipal President's letter

I have the honor to be,
sir,
Your most obedient servant,

for Deputy Commissioner,
Tumkur District
(Absent from the station)

AD 26/2

Office of the Presid
Town Municipal Council
Dated Tumkur the 8th Feb,44 4

OFFICE OF TH
10 FEB 1944
TUM

The Deputy Commissioner,
Tumkur District,
Tumkur

Sir,

Subject: Appointment of a Qualified Surveyor

I have the honour to state that the Tumkur Town Municipality comprises an area of 7½ square miles and it includes widely separated and sprawling extensions at each end of the town proper On the one hand the old town presents the familiar problem of slums, dilapidated walls, conservancy lanes & curved roads everywhere The extensions on the other hand present the more varied problem of inadequate water supply, absence of drainage and inadequate roads

This Municipal Council have found by experience over several years that the public works of the entire town area would provide more than sufficient work to be supervised by a very energetic Sanitary Inspector in addition to his legitimate duties i e sanitation etc, unless a Qualified Surveyor or a lower salary is employed to supervise the civil works, such as constructions of roads, culverts, drains, buildings, parks and acquisitions etc, of the growing town

It was therefore resolved by the municipal council on 29-12-43 that this Municipality needs to employ one qualified Surveyor or a lower pay not exceeding Rs 50/- p m to supervise the several works that are to be undertaken by the Municipality to relive the additional works attended to by the Sanitary Inspector and to give more particular attention to his legitimate work of sanitation

A copy of the resolution of the Municipal Council is herein enclosed for favour of kind perusal

Y F.O.

I therefore request that sanction of Government may kindly be obtained to the resolution of the municipal council early

I have the horour to be,
Sir,
Your most obedient servant
